

# Introducing The New Dole Shelf Stable Fruits

## The Dole Difference

### Dole Quality: Higher Standard for Appearance, Uniformity and Texture!

- Picked at peak of ripeness
- Fresher colour
- Fewer blemishes
- Consistent piece size
- Consistent texture

### Healthy and Natural

- High in Vitamin C\*
- Naturally fat-free
- No processed sugar added
- No artificial flavours or colours

### Convenient for Customers

- Pre-cut for labour saving convenience: Washed, cut & ready-to-use
- 100% usable fruit
- Year-round supply
- Shelf stable; no refrigeration required before opening
- Consistent taste, texture & colour

### Sustainable

- BPA-free recyclable cans

\*Refers to Pear Slice in Fruit Juice, Pear Slices in Water, Apple Slices in Water, Apricot Halves in Fruit Juice and Peach Slices in Fruit Juice.

# New Products Exciting Pack Designs

## NUTRITION PROMISE

Nutrition claims that show Dole's healthy quality and nutritious choices

- + No sugar and artificial sweetener added to New "In Water" packing medium: Pear Slices and Apple slices
- + No processed sugar added to New "In Fruit Juice" packing medium: Pear Slices, Fruit Salad, Apricot Halves and Peach Slices

## NEW LOOK

More visible Dole logo and richer pack colour for better noticeability

## APPETIZING GRAPHICS

Mouth-watering and luscious fruit visuals

# New Dole Culinary and Nutrition Solutions

Dole Culinary and Nutrition experts to support customer's menu guide with nutritional and day part integration
